Message from Honourable Ed Stelmach Premier of Alberta

On behalf of the Government of Alberta, it is my pleasure to welcome everyone attending the 7th Conference on Tuberculosis in Edmonton.

The theme of the 2010 conference – “Stop TB, Yes We Can” – announces a positive and inspirational tone, setting the stage for a productive learning experience and a unique opportunity to network and share ideas with other health professionals who work in tuberculosis management and control across Canada.

My sincere thanks to all of the nurses, doctors, clinicians, researchers and health professionals who have made time to attend the conference. Your dedication and hard work on behalf of your patients is appreciated. Special thanks as well to the organizers of this event.

Of course, conferences such as this one are not just about work. Over the next two days, I hope that all of the delegates will find time to explore the world-famous amenities at West Edmonton Mall and experience some of the sights, sounds and hospitality for which Alberta and its capital city are well known.

My warm best wishes for a memorable conference and continued success in the years to come.

Ed Stelmach

March 25-26, 2010
